

Quick Reference Guide

RCKT

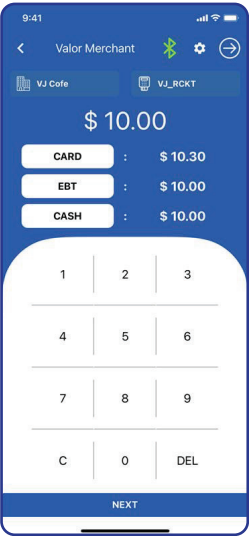

Dual Pricing

Performing a Sale

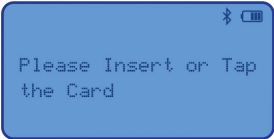

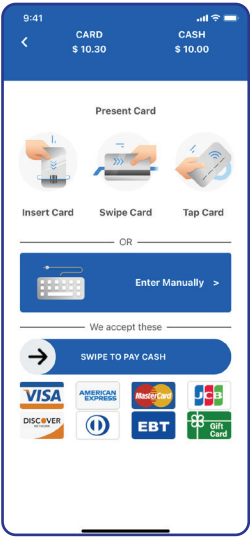

- 1. After pairing, select the **mPOS** banner from the bottom of the screen.

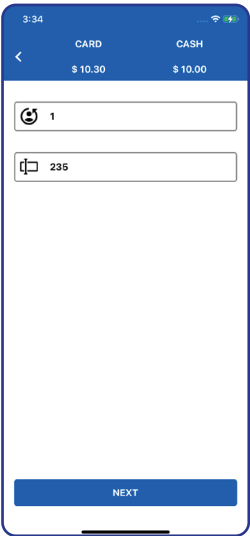

- 2. In the display there's a clear distinction of a **card**, **EBT** or **cash** sale where you can enter the transaction amount.

3. After entering the transaction amount the next step is to select either “**CARD**,” “**EBT**,” or “**CASH**”. You can **tap / insert / swipe** the card to process the transaction. Also note that for **EBT**, you can only **swipe** the card.

4. Enter **Clerk ID**, if enabled.

5. Select one of the **tip percentages** displayed or type the **custom tip** amount. Once selected, the total amount at the top changes with the inclusion of the tip amount.
