d) Any other party's access and/or use of the Clover Service with your user names, password, other appropriate security code, or any other sign on credentials/access controls for the Clover Service or any software provided by or approved by us to authenticate access to, and use of, the Clover Service and any software.

By selecting the Clover Security Services, the terms and conditions set forth in Section 3 shall apply (and certain provisions of Section 2 as incorporated therein and set forth below).

### DATA PROTECTION

**2. Data Protection Service.** If you elect the Data Protection Service, the terms and conditions set forth in this Section 2 shall apply.

**2.1. Definitions.** Capitalized terms used herein shall have the meanings given to such terms as set forth in this Addendum or as defined elsewhere in the Agreement.

**"Data Protection Service" or "Encryption and Tokenization"** means those services described in Section 2.3 below.

**"Multi-Pay Token"** means the option to support businesses that need to submit a financial transaction in a card-not-present situation. These tokens are unique to each merchant that uses them and are stored in place of the primary account number (PAN). With these tokens, merchants can initiate new or recurring payments within their own environment instead of using the original card number.

Multi-Pay Token allows a Token Registration process a non-financial transaction to request a token to be placed in their payment page or "e-wallet" for future or recurring payments. It is common for eCommerce merchants to ask their customers to register by providing profile information such as name, address, and phone number to the merchant website before or upon checkout.

**"Registered PAN"** means the processing of creating a Client specific Token for a PAN.

**"Token/Tokenization"** means a form of data substitution replacing sensitive payment card values with non-sensitive token, or random-number, values. Post-authorization transactions are handled via Processors SafeProxy tokenization technology, which returns a token with the transaction's authorization to the merchant. Tokens are shared universally with other merchants and cannot be used to initiate a financial transaction.

**"Token Request"** means your ability to obtain a Multi-Pay Token for credit card information only without an immediate authorization required which permits you to store a Multi-Pay Token for future transactions involving its customer.

**2.2. Grant of License.** Subject to the terms of this Addendum, Processor grants to you a non-transferable, non-assignable, non-exclusive, revocable sub-license during the term of this Addendum to use the Data Protection Service and the Data Protection Service Marks (as identified in the Data Protection Rules and Procedures) in the United States in accordance with this Addendum, including without limitation the Data Protection Rules and Procedures. Any rights with respect to the Data Protection Service not expressly granted by Processor in this Addendum are deemed withheld.

**2.3. Services.** The Data Protection Service applies only to Card transactions sent from you to us for authorization and settlement pursuant to the Agreement, and specifically excludes electronic check transactions. Processor will provide an encryption key to you to be used to encrypt (make unreadable) Card data during transport of the authorization request from your point of sale to Processor's systems. During the period when the transaction is being transmitted to Processor for authorization processing, all historical transaction data, including Card number and full magnetic stripe data (track data and expiration date), will be encrypted. Processor will then generate or retrieve a unique, randomly generated token assigned to the Card number that will be returned to you in the authorization response (the "Token").

**2.4. Responsibilities of Client.** You are responsible to comply with the following regarding your use of the Data Protection Service:

a) You are required to comply with the Card Organization Rules,

including taking all steps required to comply with the Payment Card Industry Data Security Standards (PCI DSS). You must ensure that all third parties and software use by you in connection with your payment processing are compliant with PCI DSS. Use of the Data Protection Service will not, on its own, cause you to be compliant or eliminate your obligations to comply with PCI DSS or any other Card Organization Rule. You must demonstrate and maintain your current PCI DSS compliance certification. Compliance must be validated either by a Qualified Security Assessor (QSA) with corresponding Report on Compliance (ROC) or by successful completion of the applicable PCI DSS Self-Assessment Questionnaire (SAQ) or Report on Compliance (ROC), as applicable, and if applicable to your business, passing quarterly network scans performed by an Approved Scan Vendor, all in accordance with Card Organization Rules and PCI DSS.

b) Use of the Data Protection Service is not a guarantee against an unauthorized breach of your point of sale systems or any facility where you process and/or store transaction data (collectively, "Merchant Systems").

c) You must deploy the Data Protection Service (including implementing any upgrades to such service within a commercially reasonable period of time after receipt of such upgrades) throughout your Merchant Systems including replacing existing Card numbers on your Merchant Systems with Tokens. Full Card numbers must never be retained, whether in electronic form or hard copy.

d) You must use the Token in lieu of the Card number for **ALL** activities subsequent to receipt of the authorization response associated with the transaction, including without limitation, settlement processing, retrieval processing, chargeback and adjustment processing and transaction reviews.

e) If you send or receive batch files containing completed Card transaction information to/from Processor, you must use the service provided by Processor to enable such files to contain only Tokens or truncated information.

f) You must use truncated report viewing and data extract creation within reporting tools provided by Processor.

g) You are required to follow rules or procedures we may provide to you from time to time related to your use of the Data Protection Service ("Data Protection Rules and Procedures"). We will provide you with advance written notice of any such rules or procedures or changes to such rules or procedures.

h) You have no right, title or interest in or to the Data Protection Service, any related software, materials or documentation, or any derivative works thereof, and nothing in this Addendum assigns or transfers any such right, title or interest to you. You shall not take any action inconsistent with the stated title and ownership in this Addendum. You will not file any action, in any forum that challenges the ownership of the Data Protection Service, any related software, materials or documentation. Failure to comply with this provision will constitute a material breach of this Addendum. We have the right to immediately terminate this Addendum and your access to and use of the Data Protection Service in the event of a challenge by you. No additional rights are granted by implication, estoppel or otherwise.

i) You will not: (1) distribute, lease, license, sublicense or otherwise disseminate the Data Protection Service or any portion of it to any third party; (2) modify, enhance, translate, supplement, create derivative works from, reverse engineer, decompile or otherwise reduce to human-readable form the Data Protection Service or any portion of it; or (3) sell, license or otherwise distribute the Data Protection Service or any portion of it; (4) make any copies, or permit any copying, of the Data Protection Service or any portion of it; or (5) use any portion of the Data Protection Service as a standalone program or in any way independently from the Data Protection Service. If any portion of the Data Protection Service contains any copyright notice or any other legend denoting the proprietary interest of Processor or any third party, you will not remove, alter, modify, relocate or erase such notice or legend on such item.

j) You will only use the Data Protection Service for your internal business purposes in a manner consistent with this Addendum.

k) You will use only unaltered version(s) of the Data Protection Service and will not use, operate or combine the Data Protection Service or any related software, materials or documentation, or any derivative works thereof with other products, materials or services in a manner inconsistent

## TransArmor Data Protection and Clover Services Participation Addendum

with the uses contemplated in this Section 2.

l) You will promptly notify us of a breach of any terms of this Addendum.

**2.5. Tokenization Limited Warranty.** Processor warrants that the Token returned to you, as a result of using the Data Protection Service, cannot be used to initiate a financial sale transaction by an unauthorized entity/person outside the Merchant Systems. This warranty by Processor is referred to herein as the "Limited Warranty" and is subject to the terms and conditions set forth in this Addendum. To be eligible for the Limited Warranty, you must maintain a processing relationship with Processor and be in compliance with all the terms of the Agreement, including this Addendum, and any other agreement relating to Cards eligible for the Data Protection Service. Subject to the terms, conditions and limitations set forth in the Agreement, including the limitation of liability provisions, Processor agrees to indemnify and hold you harmless from direct damages, including third party claims, resulting from Processor's breach of the Limited Warranty. The express remedy for Processor's breach of the Limited Warranty set forth in this paragraph constitutes Processor's entire liability and your sole and exclusive remedy for Processor's breach of the Limited Warranty. The Limited Warranty is void if (i) you use the Data Protection Service in a manner not contemplated by, or in violation of, the Agreement, including this Addendum, or any other agreement relating to Cards eligible for the Data Protection Service or (ii) you are grossly negligent or engage in intentional misconduct.

**2.6. Data Protection Disclaimer.** IN ADDITION TO THE DISCLAIMERS SET FORTH IN THE AGREEMENT, THE FOLLOWING DISCLAIMER APPLIES TO THE DATA PROTECTION SERVICE: EXCEPT AS EXPRESSLY PROVIDED IN SECTION 2.5 OF THIS ADDENDUM, PROCESSOR MAKES NO REPRESENTATIONS, WARRANTIES OR COVENANTS, EXPRESS OR IMPLIED WITH REGARD TO THE DATA PROTECTION SERVICE INCLUDING THE UNINTERRUPTED OR ERROR-FREE OPERATION OF THE DATA PROTECTION SERVICE.

**Electronic Record and Signature Disclosure**

## **ELECTRONIC RECORD AND SIGNATURE DISCLOSURE**

From time to time, Impact PaySystem (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

### **Getting paper copies**

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

### **Withdrawing your consent**

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

### **Consequences of changing your mind**

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

### **All notices and disclosures will be sent to you electronically**

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.
