Attached is your new driver license/identification card.

Please check your new attached card very carefully. If you find any errors, email DriverLicenseErrors@dps.texas.gov or call the Customer Service Center at (512) 424-2600. If there are no errors, it is very important that you destroy your previous driver license or identification card. It is a violation of Texas State Law to have more than one driver license or identification card in your possession. If the new card you have received is a Commercial Learners Permit (CLP), do not destroy your current driver license. The CLP must be presented with your current driver license.

Thank You and Please Drive Safe!

We Have a New Look
