Will the POS system be attached to a larger network (mall, university, etc.)?  Yes  No

Will there be additional devices on the network such as security cameras or jukebox?  Yes  No

**Power Outlets Requirements:**

We require the following power outlets in order to install and use the system:  
 2 power outlets within 4 feet of each terminal  
 1 power outlet within 4 feet of each remote printer (if applicable)  
 2 power outlets required for each Kitchen Video System (if applicable)  
*A power strip can be used to ensure the number of outlets are available. A surge protector is recommended.*

Are all required power outlets in place? (from above requirements)  Yes  No

**Cable Requirements:**

Each networked device (POS systems, kitchen printers, KVS and Caller ID) will require a CAT 5 Ethernet cable run from the router to each piece of equipment. An existing Ethernet jack within 10 feet of the equipment is also acceptable as Shift 4 will supply a 10' patch cable.

Has the cabling already been installed?  Yes  No
