IMPORTANT NOTICE - PLEASE READ! Official Notice Regarding the Service of Raw Oysters Effective May 1, 2011 The Louisiana Administrative Code, Title 51, Public Health Sanitary Code, Part XX III, Chapter II, §II 09. Raw Shellfish Consumer Information Message [formerly paragraph 22:08-5. 1] A. states:

All establishments that sell or serve raw oysters must display signs, menu notices, table tents, or other clearly visible messages at point of sale with the following wording:

"THERE MAY BE A RISK ASSOCIATED WITH CONSUMING RAW SHELLFISH AS IS THE CASE WITH OTHER RAW PROTEIN PRODUCTS. IF YOU SUFFER FROM CHRONIC ILLNESS OF THE LIVER, OR BLOOD OR HAVE OTHER IMMUNE DISORDERS, YOU SHOULD EAT THESE PRODUCTS FULLY COOKED."

The wording of the Raw Shellfish Consumer Information Message cannot be shortened or altered in any way. The point of sale has been defined as any location in the establishment that a customer can order or be served raw oysters. If the Raw Shellfish Consumer Information is only placed on the menu, that would not be considered adequate notification. It is recommended that the consumer alter be displayed in more than one form. i.e. table tents, signage, etc. Failure to post according to the regulation will result in a critical violation and corrective action must be taken immediately.
